

CUBENDI™

EXPERIENCE THE MAGIC OF MAGNETIC ORIGAMI

Simple tips to create
great shapes in a snap!
Collect and Combine!

HOW TO OPEN

Cubendi has 2 corners that unlock the cube. Fold one down as indicated at right then make the triangle shape to get started.

LET YOUR IMAGINATION UNFOLD

One Cubendi can transform into 50+ shapes. Gently twist and fold/unfold the triangles as you explore. Don't try to force it – Cubendi will naturally bend into shapes. If you need help, watch our video to guide you along.

HOW TO CLOSE

To return to a cube shape, fold Cubendi so the original pattern when you started is on the outside. It may take a few tries but it won't take long to make you a Cubendi expert! Combine with other Cubendi to make larger, spectacular shapes. There's no limit to your creativity!
