

# DUOMOTO®

DOUBLE THE FUN; ENDLESS POSSIBILITIES

## HOW TO OPEN: DIVIDE AND CREATE!

Duomoto® is made of 2 magnetic segments we call "Moto". Gently pull apart to get started.

## LET YOUR IMAGINATION UNFOLD!

One Duomoto® can transform into more than 100 different shapes. Gently twist and pull along the shapes to reveal new dimensions and explore the combinations! If it doesn't flow, it doesn't go – each Moto will naturally form into surprising shapes that connect in ways you wouldn't believe! If you need help, watch our video to guide you along.

## HOW TO CLOSE: MAGNETISM MATTERS!

To return to the cube, you must master the Moto! The puzzle is in the polarity – with time and patience you'll unlock the patterns and become a Duomoto® Master! Combine with other Duomoto® to make larger, spectacular shapeshifting structures. There's no limit to your creativity!
