# Are you ready to master the shape shifting box?

## GETTING STARTED | HOW TO OPEN

Shashibo can only be opened on 2 of its 8 corners. Start at one of these corners by gently pulling it open like a pistachio. Then try to make this shape to get started.

## HOW TO CLOSE

Use the outer pattern when it was closed as a cube as a guide, and see if you can figure out how to connect the corners back to a box shape!

## EXPLORE & DISCOVER

Discover over 70 shapes & possibilities! Gently let your Shashibo fold through itself until you feel the magnets connect, then you know you created one of the shapes! Visit [FunInMotionToys.com](http://FunInMotionToys.com) for more instructions.

**\*IF IT DOESN'T FLOW, IT DOESN'T GO! You should not have to force Shashibo into its shapes.**

## WATCH & LEARN

Download the FUN IN MOTION TOYS app for Apple & Android. We'll show you how to create over 70 shapes with Shashibo!
